

Once your graduate thesis committee has approved your final thesis document, you need to collect their signatures (electronically) and submit all of the necessary documentation for degree certification.

The Seven-Year Rule

RIT and New York State Educational Policy require at the master's level, all requirements for the degree must be completed within **seven (7)** years of the date of the oldest course counted toward the student's master's degree.

It is your responsibility to complete every step of the process.

If you have any questions, please see your academic advisor in the CAD Student Services Office.

CAD Thesis Approval Form

- <https://inside.cad.rit.edu/current-students/academic-information/graduate-student-info/>
- This is the only thesis signature form that will be accepted.
- Use Adobe Acrobat to fill out the form. Do NOT use Preview on a Macintosh.
- Your thesis committee may have much earlier deadlines to sign-off on your thesis. Be sure to give them enough time to sign. Allow yourself sufficient time in case you need to modify anything.
- Obtain all committee member signatures on one form; all signatures **must be date stamped**.
- Signatures must be date stamped *on or before* the semester deadline (see "Deadlines" chart below) for certification in that semester. Signatures date stamped after the deadline will be eligible for certification in the next term.

Thesis Submission

Once your thesis committee has approved and signed your CAD Thesis Approval form, you need to submit your thesis paperwork to both the Wallace Library and CAD Student Services for degree certification.

Wallace Library

- Submit a PDF digital copy of your thesis with an unsigned CAD Thesis Approval form to ProQuest (<https://infoguides.rit.edu/thesis-services>)
- Submit a supplementary PDF of your CAD Thesis Approval Form (with signatures).

CAD Student Services *Your degree will NOT be certified if you skip this step*

Submit the following to the **Assignment Dropbox in MyCourses:**
College of Art and Design – Graduate Advising:

- Copy of your completed and dated electronic CAD Thesis Approval Form.
- Copy of the ProQuest receipt email (Subject: "*Your Thesis Title*" **has been accepted**).
